Information, including customer data, employee files, financial records, and other information around the globe, can be transferred quickly and cheaply. This has opened up a world of opportunity for many businesses, at the same time; it also presents a new world of risks. It is essential for each sector to manage risks and adopt sound privacy and security standards. However, privacy laws which vary by jurisdiction are interpreted differently based on culture and norms.*
14.30 - 16.00 hrs.	**Privacy : A Thinnest Line between Privacy and Cybersecurity, and Ideology of Eastern and Western World** Moderator : *Assoc. Prof. Sudharma Yoonaidharma,* Dean of the Faculty of Law, University of the Thai Chamber of Commerce. Panelists : 1. *Prof. Avv. Giusella Finocchiaro,* Professor, Department of Legal Studies, University of Bologna, and Chairperson of UNCITRAL Working Group IV 2. *Dr. Laurie Lau*, Chair of ASIA PACIFIC Association of Technology and Society 3. *Ms. Sarinee Achavanuntakul*, Adjunct Professor, Thammasat University, Member, Thai Netizen Network

Agenda (ETDA Sessions)

The 5th Biennial Conference of the AsianSIL 2015, Bangkok

Date: Thursday 26th - Friday 27th November 2015
Venue: Plaza Athenee Bangkok, a Royal Meridien Hotel, Bangkok Thailand

_____

Friday 27th November 2015 Subject: Internet Governance

10.30 – 11.00 hrs.   **Registration for ETDA sessions (Subject : Internet Governance)**

11.00 – 11.30 hrs.   **Keynote address: The future stewardship of the world internet: after the transfer of IANA**
Mr. Kuek Yu-Chuang, Vice President Stakeholder Engagement in ICANN Asia Pacific Hub
As IANA will release the stewardship of the global internet governance, the discussion on the appropriate way for governing the world internet is still going on. The representative of ICANN will present an update on the world's future internet governance direction.

11.30 – 12.00 hrs.   **Keynote address: Internet Jurisdiction**
Mr. Bertrand de la CHAPELLE, Director of the Internet & Jurisdiction Project, Former Director on the ICANN Board
Internet creates a great deal of tension between the cross-border nature of the Internet and geographically defined national jurisdictions. Internet Jurisdiction is a project to define the framework to handle the digital coexistence of diverse national laws in shared cross-border online spaces.
